PhD Progress Meeting Report - Theodor-Brinkmann-Graduate School

PhD Students of the BIGS-Theodor Brinkmann Graduate School have annual Progress Meetings together with their PhD Thesis Committee. About 2-3 weeks prior the PhD Committee Meeting, the PhD student submits an outline about her/his work progress (PhD progress proposal) to all members of the committee (see "guidelines PhD Progress proposal"). Latest 3 weeks after submitting the proposal the PhD Committee meeting takes place. During the meeting the PhD student presents her/his work and an outline of the next year. Together with the Committee the results are discussed. During the meeting the PhD student has the possibility to talk to the Committee without her/his direct supervisor. After the PhD Committee Meeting the PhD Progress Meeting Report together with the approved proposal has to be submitted to the coordinating office of the BIGS-TBGS.

Name of PhD student:

Name of supervisors who attended the meeting:

Date of meeting:

Number of progress meeting:

First Second Third Later

Is this the last meeting before the PhD Thesis submission? Yes No

If yes, what is the approximate date of the thesis submission and defense?

Has the PhD student achieved enough results to write a thesis?

Has the PhD student good knowledge about her/his research field?

How many credit points have been achieved so far?

Summary of the PhD Progress meeting:

Please write a short summary of the results of the discussion with your supervisors. Include all the recommendations and planned work for the next months.

The student used the opportunity to talk to the thesis committee without her/his direct supervisor

Yes

No
